

ERGONOMIC MATTING

F.I.T.™ NO. 540 & NO. 541

FUNCTIONAL INTERLOCKING TILES FOR INDUSTRIAL & COMMERCIAL AREAS

Innovation made simple: The most versatile, functional and comfortable 12" x 12" modular tile ever created.

- Best interlocking system – angular LockSafe® interlocking system provides a stronger connection, yet the tiles easily "zip" apart for re-positioning
- Exceptional comfort – ergonomic design and PVC formula dramatically reduce fatigue and lead to increased productivity
- Easy ramp system – one ramp fits both "male" and "female" edges
- No-fuss installation – just snap the tiles together and configure to fit your exact work spaces
- Outstanding value for your cost reduction initiatives – save on replacement costs, installation time, and employee lost time
- Thickness: 5/8"
- Green rating: > 40% post consumer PVC

- Unlike other modular ergonomic flooring systems, large installations of F.I.T.™ can be rolled-up for quick cleaning, repositioning or storage
- It's amazing LockSafe® interlocking system works like flexible hinges to hold tiles together even when large connected sections are tightly rolled
- F.I.T.™ is designed for onsite customization - the tiles can be cut every 3" and still connect
- Just cut the tiles and reconnect for a seamless installation
- This unique feature makes F.I.T.™ the most versatile interlocking tile on the market and facilitates total coverage of areas with multiple work centres and equipment with unusual shapes

SOLID – for use in dry areas

OPEN – for use in wet areas - surface slants toward holes to facilitate drainage

1-YEAR WARRANTY

Model No.	Description	Dimensions			Qty /Case	Colour	Price /Each
		W"	x	L"
